

Spirit Week in Support of Magical Bridge Foundation!

Our teachers have gone all out to promote school spirit with a message! Teachers dressed up to reflect the characters of the movie Inside Out to encourage students to be inclusive and upstanders! The school had a fantastic outpouring of generosity to support the Inclusion Park that will be built for all children! Between the online contributions, the coin drive, and the movie night, Nordstrom rocked it! Exact dollars are yet to be calculated but we far exceeded our \$4,000.00 goal. Thank you Student Council for promoting this great community service project. Congratulations to KINDERGARTEN for winning as top grade level!

Positive Behavior Intervention and Support (PBIS)

We met our goal in December and earned a free pass on homework for a week! Students really made positive growth AND they were rewarded! January we came close but didn't quite make our goal. The teacher lip sync competition will have to be put back in the bucket and another reward will be chosen to work towards. We will continue to catch your students making great choices on campus! We are really seeing the results with this positive program to support student behavior.

Thank you Student Council for you Leadership!

Student council is really taking a leadership role on campus this year! They promoted the Coin Drive for the Magical Bridge Foundation, they designed Spirit Week, and they promoted and worked Movie Night! Your students are learning the value of promoting their fantastic ideas and investing their time and energy into rewarding projects!

Grants Awarded!

Nordstrom has been the recipient of several grants this year! Our Living History Day for our 4th and 5th grade called Walk Through America was funded by a grant. Students were so engaged with the hands on learning of both California (4th) and the American Revolution (5th). Secondly, the school received a Literacy Grant to further promote literacy and student achievement! The teachers and the principal will be working with experts to help your children deepen their capacity in English Language Arts. Finally, Ms. Cruz just received a grant to increase her library in her classroom. We have applied to several other grants and hope to receive notification in the near future regarding the outcome of our applications!

Home and School Club (HSC) News!

HSC needs your help! The write a check campaign is falling short of it's goal. HSC funds programs like ArtSmart, OneYard, technology on our campus, and family events like Father/Daughter Dance, Mother/Son Bingo, and Paint nights. They also support the wonderful field trips that your children participate in. Please help enhance our kids experiences beyond the classroom by donating today. Any amount will help!

Visit the Home and School Club website at www.Nordstromhsc.com

Safety First

We are getting calls from the neighborhood to say the driveways are being blocked in the neighborhood. We know the traffic at Nordstrom is challenging (to say the least) but we need to be mindful of everyone's safety. Secondly, we cannot block the crosswalks with cars. It is highly concerning that a child crossing on the green light could be in danger. We can't forget that all of us are in a rush but safety is really the most important concern.

Morgan Hill police will be monitoring and unfortunately ticketing to ensure safety.

February	
6	5th Grade Panoramic Picture Day
8	HSC Paint Night (Adults Only)
9	Home & School Club Meeting, MPR, 8:00am
9	HSC Father/Daughter Dance
